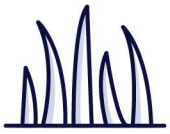
FABRIC CARE & STAIN REMOVAL

Cheat Sheet



GRASS

Make a paste with baking soda and white vinegar. Rub in stain and let sit for 15 minutes. Rinse. Reapply if needed.

SWEAT

Create a paste with baking soda and water. Rub in Stain. Wash in the hottest water safe for the fabric.

BLOOD

Mix 1 cup (250 ml) water, ½ cup (124 ml) peroxide and ½ cup (125 ml) baking soda. Apply to stain. Let sit for 20 minutes. Wash as usual.

CHOCOLATE

Rub dish soap onto stain and rinse with cold water. Repeat as necessary.

SAUCE & WINE

Combine equal parts hydrogen peroxide and dish soap. Dab onto stain and let sit for 1 minute. Wash as usual.

OIL & GREASE

Use a pre-treatment spray or stick, or dish soap, then wash in the hottest water safe for that fabric.

PAINT & INK

Use solvents, such as acetone, rubbing alcohol or spot remover. Rinse, repeat if needed and finally wash.

COSMETICS

Pre-treat with stain remover and wash as usual in the hottest water safe for the fabric.

COFFEE & TEA

Apply stain remover and wash immediately. Sponge the stain with rubbing alcohol and rinse with cold water.
