Serving: 1

Homemade Instant Hot Cocoa is rich and creamy, and just as easy to make as the store-bought pouch (without extra sketchy ingredients). Start with the basic recipe, and then choose a flavor add-in to mix things up!

Ingredients

- 1 cup **milk**
- 1 Tbsp **unsweetened cocoa powder**
- 1 Tbsp **raw sugar** (*or maple syrup or honey*)

Directions

Fill your favorite mug with milk and microwave on high for 90 seconds. Add cocoa powder and sweetener of choice; stir well.

Continue heating in the microwave for 30 seconds at a time and stirring until ingredients are completely dissolved. If desired, add more sweetener to taste.

Serve as is, or topped with homemade whipped cream or flavor add-ins (below). Enjoy!

Flavor Add-Ins:

- 1 drop peppermint extract (or essential oil)
- 1 tsp vanilla extract
- 1 dash cinnamon
